

The image displays a 10x10 grid of binary digits (0s and 1s), representing a sparse matrix. The matrix features a prominent main diagonal where every element is 1. Off-diagonal elements are also 1, forming several bands. Specifically, there are bands centered around the main diagonal at distances of approximately 7 units. The x-axis and y-axis both range from 10 to 80, with labels at intervals of 10. The grid is composed of small black squares on a white background.
